PROFESSIONAL SUMMARY

B.Tech student specializing in Artificial Intelligence and Data Science with strong foundations in Python, statistics and hands-on experience in LLM post-training, Machine Learning, Computer Vision, and Data Analysis. Completed a 3-month internship at Ethara AI, contributing to AI data preparation and evaluation for Large Language Models. Experienced in developing AI-powered applications and computer vision systems, including models achieving over 97% accuracy. Presented research at national-level technical symposiums and actively building real-world AI projects.

EDUCATION

B.Tech in Artificial Intelligence & Data Science (2024 – 2028)

Sanjivani University, Maharashtra

CGPA: 7.93 / 10 (current)

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, SQL, C++, R
- **AI & ML:** Machine Learning, Deep Learning, NLP, Computer Vision, Data Science, LLM Post-Training, Prompt Engineering
- **Libraries & Tools:** TensorFlow, OpenCV, Scikit-learn, Git, Streamlit
- **Data Analysis & Visualization:** Pandas, NumPy, Matplotlib, Seaborn, Tableau, Statistics

PROJECTS & RESEARCH

PredictiX – Disease Prediction Web Application

- Developed a machine learning web application for predicting Diabetes, Heart Disease, and Parkinson's Disease.
- Tech Stack: Using Python, Streamlit, Pandas, Scikit-learn, XGBoost, Seaborn & Matplotlib and Pickle

AI Sign Language Interpreter (Computer Vision)

- Built a real-time sign language to text & speech conversion system.
- Achieved 97%+ accuracy using CNN-based deep learning models.
- Tech Stack: Python, OpenCV, TensorFlow, MediaPipe

Attendance Tracker Using Python (CLI Application)

- Designed a CLI-based attendance system using Python OOP principles.
- Implemented real-time marking and record retrieval with timestamps.

MeetMate- AI Meeting Assistant

- Developed an AI-powered meeting assistant using NLP to analyze user inputs and preferences
- Implemented recommendation logic to suggest optimized meeting schedules and interactions
- Presented at the Eureka Startup Pitch Competition.

CERTIFICATIONS

- **Ethara AI** -- LLM Post-Training Internship (2026)
- **NASSCOM FutureSkills Prime** -- Generative AI Fluency
- **IBM Certifications** -- Introduction to Python, Data Visualization, DevOps, Agile & Design Thinking, Business Intelligence

ACHIEVEMENTS

- **Teckcluster'25** – Presented research at National-Level Paper Presentation
- **Eureka Startup Pitching Competition** -- Startup Pitching organized by Sanjivani EDC (Aug 2025)
